Featuring:
COACH LES STECKEL

Veteran NFL coach Les Steckel was the FCA National President from 2005-2016. Under his leadership, FCA experienced unprecedented growth. Staff doubled, Huddles tripled, camps and attendance grew close to five times, and international ministry expanded to 60 countries.

Steckel served in Vietnam as a U.S. Marine Corps infantry officer and later served the Marine Corps Reserves as a colonel. Steckel's coaching career spanned more than 30 years in the collegiate and professional ranks. His NFL experience included the Minnesota Vikings head coach, the New England Patriots offensive coach during the 1983 Super Bowl season, and the Tennessee Titans offensive coordinator, whom he helped guide to the 2000 Super Bowl. He authored the book "One Yard Short" chronicling the Titans Super Bowl run that literally came up one yard short!
